„Ändert die Aufzeichnung etwas an der Performativität der Zeichnung?“ Diese Frage stellte Jan-Philip Frühsorge in seinem Vortrag 'Zur Performativen Praxis in der Zeichnung von Beuys bis Rhode'. Ich zeichnete die Frage zum Zeitpunkt ihres Vortrages auf ein Stück Papier. Zu einem anderen Zeitpunkt entstand eine weitere Zeichnung. Beide Zeichnungen sind auf der Vorderseite einer Postkarte abgebildet. Die Rückseite der Karte zeigt ein leeres Feld, das beschriftet werden kann. Künstler sind eingeladen die Karten an die Galerie Emmanuel Post zurück zu senden. Eine Ausstellung der Karten beginnt ab dem 14.09. bis 01.12.2013, fortlaufend, je nach Einsendung und Datum.

„Does recording alter drawing's performativity?“ Jan-Philip Frühsorge posed this question in his lecture 'Zur Performativen Praxis der Zeichnung von Beuys bis Rhode'. In the very moment of the lecture I drew the question on a piece of paper. At a later date, another drawing was developed. Both drawings are now reproduced on the front of a postcard. The backside of the card shows an empty area designed to be written on. Artists are invited to return the postcards to Galerie Emmanuel Post by the end of September. A continuing exhibition of the postcards will run from September 14 until December 1, 2013, in order of transmittal and date.
